

Development of Online STEM Learning Program for the Preparation of Prospective 21st Century Biology Teacher Setiono Setiono, Sistiana Windyariani	181-188
Phenolic Profile and Antimicrobe of the <i>Asplenium nidus</i> L. from Mount Gunitir, Jember, East Java, Indonesia Dwi Setyati, Robi'atul Adawiyah, Tri Ratnasari, Mukhamad Su'udi, Fuad Bahrul Ulum	189-193
Implication of Problem-Based Scenarios on Students' ESD Anticipatory Competency on the Concept of Environmental Change Silmi Aliya Zahra Sudarya, Suhendar Suhendar, Setiono Setiono	194-203
The Development of Electronic Modules Based on Problem Based Learning Integrating Disaster Mitigation in Environmental Change Material to Increase Critical Thinking Skills of Students Sinta Kusuma Dewi, Hadi Suwono, Hendra Susanto	204-211
Relationship Between Technology Literacy and Communication Skills with Environmental Literacy of Class X Students of SMAN 2 Malang Zakiyatus Sarifah, Fatchur Rohman, Mimien Henie Irawati Al-Muhdhar, Ruchimah Achmad, Laily Asfaniy	212-220
Implications Project-Based Learning (PjBL) Assisted Flipped Classroom on Critical Thinking Ability of Gender-Based Students on the Concept of Water Pollution Indri Puspitasari, Aa Juhanda, Jujun Ratnasari	221-227
The Correlation Between Digital Literacy and Collaboration Skill with Environmental Literacy of Class X Students of SMAN 2 Malang Nurjannah Nurjannah, Mimien Henie Irawati Al Muhdhar, Agus Dharmawan, Ruchimah Achmad, Laily Asfany	228-240
Development of Interactive Digital Textbook Based on STEM to Enhance Junior High School Students' Critical Thinking Skills in Environmental Pollution Subject Nor Indriyanti, Imam Mudakir, Sulifah Aprilya Haryani	241-250
Leaf Morphological Response of Several Dendrobium Orchids due to Colchicine Application Windhiana Windhiana, Dwi Sucianingtyas Sukamto, Fatimatuz Zuhro	251-255
Development of Hypermedia-Based E-Module to Enhance Students' Creative Thinking Skills in the Topic of Digestive System for Junior High School Students (SMP/MTs) Mohamad Khoirul Anam, Imam Mudakir, Jekti Prihatin	256-262
The Validity of Story Media Equipped with Pictures to Improve Critical Thinking Skills and Student Learning Outcomes Tutik Sri Rejeki, Sutarto Sutarto, Imam Mudakir	263-267
The Effects of the PBL Based on the Socioscientific Issue Approach on Interdisciplinary Thinking and Argumentation Skills Firnindia Putri, Sri Rahayu Lestari, Hadi Suwono	268-275
Analysis of the Quality of Ecoenzymes and Their Effect on the Growth of Mustard Greens (<i>Brassica juncea</i> L.) Fatimatuz Zuhro, Hasni Ummul Hasanah, Lila Maharani	276-281
Validation of the MORISE Learning Model on the Topic of Global Warming to Enhance Science Literacy and Learning Outcomes Isna Nur Aisiyah, Joko Waluyo, Dwi Wahyuni	282-286
Implementation of Game-Assisted Interactive Demonstration on Students' Problem-Solving Skills and Digital Literacy in the Immune System Ruddy Indra Frahasta, Aa Juhanda, Gina Nuranti	287-298
