Jurnal Warta Pengabdian

Quarterly Publication:

Warta Pengabdian is a journal that is managed and published by the Institute for Research and Community Service (LP2M) and the Center for Human Rights, Multiculturalism, and Migration (CHRM2), University of Jember. Under the auspices of the University of Jember, this journal has a vision to become a leading institution in the development of environmentally sound science, technology and art, business and industrial agriculture for the welfare of society. In line with its mission, this journal is an institution's output as well as a forum that contains scientific articles (research and multidisciplinary service) written by researchers and academics who focus on service and advocacy. Warta Pengabdian is expected to improve communication that encourages critical discussions between researchers, policy makers (decision makers) and the public in general regarding things that are happening around them.
